Martin,

This was just received by the BLM from Sunnyside.. We can assume that this will be shared in some form with the County by Wednesday.

Lonny:

I am looking forward to our meeting. Please see the attached Letter. We believe that the "Game Plan" schedule proposed in the Letter presents the opportunity to profoundly improve water quality and habitats in the Animas, and hope that the proposed schedule serves as a platform for collaborative discussion about the path forward.

Thank you.
